Codes explained:

Replace the 3 asterisks *** with the internal diameter needed.
So the codes for a 1000mm length in a stainless finish for all 4 diameters would be:
10-125-010, 10-150-010, 10-175-010 and 10-200-010.

Larger diameters of 225 and 250mm are also available.
